

Windows & Mac Installation Guide

Option 1:

This feature is still under development, many features won't be available.

1. Open the web link <u>https://webplay.server-guru.cc/</u> in **Microsoft Edge** browser. Using any other browser may cause conflict.

Next you will need to have your registered email and password at hand. If you don't remember your login details click <u>here</u>. If you need to reset your password click <u>here</u>.

2. In the top box enter your **Registered Email** (Case Sensitive).

Page 1 of 13

3. In the bottom box enter your **Password** (Case Sensitive).

4. Select "Log In"

Page 2 of 13

Option 2:

- 1. Go to <u>https://developer.android.com/studio</u> and install Android Studio. Once installed open Android Studio.
- 2. Select "More Actions"

3. Select "Virtual Device Manager"

Page 3 of 13

4. Select "Create virtual device" or click the "+" sign.

5. Select "TV" then "Television (1080p).
